RE175

INSTRUCTIONS:

1. The extension on the nose of the glider is a natural part of the molding process. Snap it off and smooth out the nose with your finger.

2. a. Decide how you will decorate your glider.
   b. Paint the top of the glider and let dry.
   c. Turn the glider over and paint the underside.
   Let dry for 30 minutes.

3. Bend the metal weight slightly. Insert it into the slot on the underside of the glider.
