Project Instructions:

1. Lay your tablecloth onto your work surface, and lay out your frame, brushes and stains. Plan a color design for your frame.

2. Lay the frame flat on your work surface, and brush a little bit of glass stain onto a section. Make sure the section is covered completely with color. You can use the paintbrush to help move the color along.

3. Continue with each section and color until the whole frame is colored. Let dry completely. Rinse brushes immediately.

Tip: Use a toothpick or brush to spread the colors or to break bubbles in the stain.
