MORE IDEAS...

You may add other craft trims as decorations to your portrait. Try sequins as a necklace, poms, feathers, beads or pieces of ribbon or fabric.

Stand your finished portraits on a window sill, facing out, and they look like people looking out a window.

INSTRUCTIONS:

TIP: It is helpful to think about the look of a person's face.

Some tips include:

The eyes are about half way down the face.

The ears are about even with the eyes.

Take a look in a mirror to see what characteristics your face has.

1. Make a fold as the crease line in the center of the portrait. Then unfold it again.
2. Draw and color the features of the face first on your portrait.
3. Add cut pieces of colored shredded paper to use as hair on your portrait. Glue in place. Allow time for the glue to dry.
4. Draw and color other features on the portrait, such as clothing pieces or hair decorations.
5. The finished portraits will stand up when folded slightly.
