GP1593

INSTRUCTIONS:

1. Select a birdhouse. Sand all surfaces smooth as needed.
2. Plan which surfaces on the birdhouse will get a stain (watercolor paint) and which will get a solid finish (acrylic paint), then choose your base colors.

Helpful Hint: To create more colors, acrylic paints can be mixed in a small cup or a waterproof surface. Watercolor paints can be mixed on the brush or on a waterproof surface. Paint the watercolor surfaces first, then the acrylic ones. Allow to dry.

3. Once the birdhouse is dry, add details with acrylic paint.

Helpful Hint: Use a toothpick or the tip of a brush handle to create thin lines with the paint.

**Fun!
Facts!** Eye-Opening Art

- The first lead pencil, the earliest form of self-expression, was invented in England in 1565.
- Famous “cubist” artist Pablo Picasso loved animals. Through his adult life he owned a pet monkey, an owl, a goat, a turtle, and packs of dogs and cats.
- Leonardo da Vinci, the original “Renaissance Man,” spent 12 years painting the Mona Lisa’s lips.
