- Paint Brushes

YOU WILL NEED:

- Containers for Mixing Paint (paper plates work well)
- Toothpicks
- Paper Towels or Rags
- Containers of Water

AGE GROUP: 8 and up

PROJECT TIME: 45 minutes

STEP 1: PATIENT LEVELS

Assess patient to determine project level. This booklet contains three sets of instructions. One level for lower functioning patients (Level 3), one level for mid-level functioning patients (Level 2) and one level for patients operating within normal or almost normal ranges of functioning (Level 1).

STEP 2: PREPARATION

Please read all instructions fully before starting project. Make sure your work surface is properly protected. Collect necessary supplies and lay them out within reach of you and your client. Being prepared will help the project go more smoothly. Please note that this paint is spread with toothpicks. You may wish to use brushes to even out the paint or smooth out air bubbles.

STEP 3: Proceed to the appropriate section for your chosen level.

Sponge
Painting**INSTRUCTIONS:**

1. Select a wooden frame and remove the plastic insert and backing.
2. If desired, paint the entire frame with a base coat of white paint.
3. Squeeze a small amount of paint onto a paper plate. To make a more pastel color add some white paint.
4. Using a damp sponge apply paint to the frame as desired. Let dry.
5. Repeat steps 3 and 4 with a second color of paint if desired. Let dry.

LEVEL 3

Stamping

INSTRUCTIONS:

1. Select a wooden frame and remove the plastic insert and backing.
2. If desired, paint the entire frame with a base coat of white paint. The pictured frame is left natural.
3. Squeeze a small amount of paint onto a paper plate. To make a more pastel color add some white paint.
4. Using a paint brush, apply the paint to one of the foam stamps. Press carefully onto the frame. Repeat until desired look is achieved. Let dry.
5. Squeeze a small amount of a second color of paint onto a paper plate. To make a more pastel color add some white paint.
6. Using a paint brush, apply the paint to one of the foam shapes. Press carefully onto the frame overlapping the first color. Repeat until desired look is achieved. Let dry. Repeat with third color if desired.

LEVEL 2Faux
Marbeling**INSTRUCTIONS:**

1. Select a wooden frame and remove the plastic insert and backing.
2. Paint the entire frame with a base coat of very light green paint. Do not let dry.
3. Add green or blue paint to the light green paint to make a medium turquoise paint.
4. Using a damp sea sponge sponge a small amount of medium paint on to the frame. Let dry one minute.
5. Using a damp paper towel or rag gently wipe the still damp paint at a 45 degree angle. Apply more paint if needed.
6. Using a toothpick dipped in white paint make veins by dragging diagonally across the frame. Soften lines with a dry paint brush. Let dry.
