GP2130

INSTRUCTIONS:

1. Lay all materials out on clean work surface.
Decide how you want to paint your frog.

TIP: Research frogs in their natural habitat for design ideas!

2. Using the paint and brushes, begin painting your frog bank, starting with a base coat.

Allow each color to dry slightly before adding another. This will prevent the colors from blending into each other.

3. Allow to dry completely and your bank is done!
