GP2157

INSTRUCTIONS:

These designs are random doodling designs, to be colored in any manner. Be creative in your coloring. Use your imagination to create unique pictures. Coloring and repetitive motion can be very relaxing. Try coloring while listening to music.

After coloring these designs, try creating your own doodle picture. Doodling can be calming and you can create some amazing art from doodling. These designs use the concept of creating an abstract space on the paper and then filling that space with a repetitive design. Use any shapes, styles, symbols or objects to create your design. You'll be creating some very intriguing, innovative pieces of art!

To create your own designs, use a black marker or colored pencil for the outline shapes, and then fill in color with crayon, colored pencils, or markers.

Your finished designs may be mounted on cardboard and framed or simply hung by themselves. Try adding other trims to accent certain parts of your design. Things like glitter, sequins, buttons, ribbons or gems may be glued onto the finished piece.
