Color Splash® 3-D Brite Frames (Pk/24)

MORE IDEAS...

Use any extra paints to decorate other black surfaces and use our special 3-D glasses for fun effects (3-D glasses sold separately).

Add bright colored trims to your picture frame.

Frame a favorite letter or poem instead of a picture.

Color Splash® 3-D Brite Frames (Pk/24)

PLEASE READ ALL INSTRUCTIONS BEFORE STARTING

YOUR KIT CONTAINS:

- Pre-cut Frames
- Paint
- Brushes

AGE GROUP: 4 and up
PRE TIME: 5 minutes
PROJECT TIME: 30 minutes

YOU WILL NEED:

- Glue or Tape
- Containers for Water
- Paper Towels

INSTRUCTIONS:

1. Remove the center pieces from frame and fold the frame as shown in Figure A.
2. Decide on a design. Paint the frame cover. Let dry.

Helpful Hint: If you are going to use ChromaDepth® 3-D glasses (PY1495) with your frame make sure you use warm colors (pink, orange and yellow) on the items you want to jump out of your picture and cool colors (green and blue) on the items that you want to appear in the background of your picture.

3. Open the frame, and insert a picture into the slits in the back of the frame (see Figure B). Trim to fit.
4. Glue or tape the frame shut (avoid the holes for hanging or standing). Let dry. Display or hang as desired.

Frame Options:

The frames that come with this kit can be attached to each other in interesting ways. Here are a few ways we like to attach them!

1. Once you have assembled and decorated two or more frames, string them together to create a hanging set of frames. Lay the frames face down on your work surface. Locate the four small circular tabs with the holes in them. Bend the tabs out so that you can thread a cord through the hole. Arrange the frames face down in the order you desire. Thread your cord through the top and bottom holes on one side of the frames. Repeat using a second piece of cord for the second side of the frames. Tie knots on the cords to keep the frames in place and evenly spaced. Tie the cords together at the top and hang.

2. Once you have decorated (insert the pictures but do not tape or glue the frame together) two or more frames, attach them together with a hinge in the center. Remove the long creased piece of cardboard from the center of the frame. Glue one side of the hinge between the frame front and back. Repeat with the second side of the hinge and the second frame. Repeat this as many times as desired to make an accordion of frames. Make sure the frames are glued together securely. Let dry.

3. Once you have assembled and decorated two or more frames, attach them together to create a large panel of frames. Place the frames face down on the work surface in the arrangement you desire. Remove one of the square pieces of cardboard from the center of the frame. Glue it to the back of two frames where they join. Repeat at all the joints. Let dry completely. Display as desired.
