Dinosaur Wind Chime (Pk/12)

PLEASE READ ALL INSTRUCTIONS BEFORE STARTING

YOUR KIT CONTAINS:

- Assorted Wood Dinosaurs
- Assorted Chimes
- Silver Cord
- Twine

YOU WILL NEED:

- Clean Work Surface
- Paints
- Paintbrushes
- Glue
- Containers for Water
- Paper Towels

AGE GROUP: 6 and up

PROJECT TIME: 45 minutes

INSTRUCTIONS:

1. Lay all materials out on clean work surface.
2. Using the paintbrushes, paint the wood dinosaur.
3. Let dinosaur dry, rinse and dry brushes on paper towel, and then paint the back side.
TIP: Allow each color to dry before adding a new one. This will prevent the colors from blending.
4. Thread cord through each chime and set aside.
5. Continue painting details on your dinosaur. Allow to dry completely.
6. Attach each chime by threading the cords through the pre-drilled holes in the dinosaur, tying a secure knot. These knots may be strengthened with a dab of glue on the knot.
7. Attach twine to the top of the dinosaur then tie into a secure knot. This will create a loop to hang your wind chime.
