INSTRUCTIONS:

NOTE: This plastic bottle is designed to be a portable source for water. To wash it, remove the Carabiner ring and gently wash with dish detergent by hand. Air dry. Not microwave or dishwasher safe.

NOTE: The markers included in this kit are permanent markers, designed to not wash out.

1. Color in the parts that are farthest away from your hand first, so that the marker does not rub off on your hand while you work.
2. Allow to dry completely.
3. Do not use the markers to color the spout or the cap of the bottle.
4. When completely dry, fill with water and clip to your belt or backpack.

When the bottle is empty, it may be rolled up and stored inside your backpack or lunch bag.
