Carnival Mask Kit (Pk/12)

PLEASE READ ALL INSTRUCTIONS BEFORE STARTING

YOUR KIT CONTAINS:

- Masks
- Elastic Cord
- Paint
- Brushes
- Glitter

AGE GROUP: 5 and up
PROJECT TIME: 45 minutes

YOU WILL NEED:

- Paper Towels
- Containers for Water
- Glue

INSTRUCTIONS:

NOTE: This mask is very versatile. You can make your own mask as a clown, person, animal or creature. Let your imagination go!

TIP: Research various clown faces, characters, Mardi Gras masks, etc. for design ideas.

1. Lay all materials out on clean work surface.
2. Attach the elastic band to the sides of the mask by lacing through and tying a secure knot. This will hold the mask onto your face when completed.
3. Plan your mask design. You can layout your design with pencil first.
4. Paint your design, as planned, starting with base coat.

TIP: Add small amounts of water to your paint, a few drops at a time with your brush. This will help your paint flow much easier.

TIP: Allow each color to dry completely to avoid blending colors. After the base color is dry, add detail in other colors on top of the painted base.

5. Glue on glitter to enhance your design.
6. Allow time for your mask to dry completely before using.
