GP3019

## INSTRUCTIONS:

1. Choose a sand bottle. Place it on your work surface. Remove the cap.
2. Place your funnel into the opening, pour a small amount of sand into the opening to create a layer of sand.
3. Gently tap the bottle on the table to settle the sand.
4. Repeat steps 2 and 3 until the bottle is filled to the very top.
5. Replace the cap and make sure it is screwed on tightly.  
**TIP:** Put a small amount of glue inside the cup so it will stay closed tightly.
6. String the cord, knot and trim excess.
