GP3100

Preparation Instructions

Each person should have:

- 2 Foam Tree Pieces (One should have a top slot cut and the other a bottom slot cut)
- Assorted Mini Pom Poms
- The glitter glue and ultra tacky glue will be shared among the group.

INSTRUCTIONS:

1. Slot fit the 2 green foam pieces together so your tree stands straight on your work surface. If you'd like, you can add a couple dabs of glue to the slots so that the tree is glued permanently together.
2. Glue an equal number of assorted pom poms to each side of your tree. TIP: It helps to dab a small dot of glue to the foam tree and also a dot to the pom pom; Wait a minute for both to dry slightly then stick them together. Let dry.
3. Use the assorted colors of glitter glue to add extra sparkle to your tree. You can squeeze out small dots, lines or swirls onto the green foam making the spaces in between your pom poms shine!
4. Allow the glitter glue to dry before handling your finished sparkle tree and you're done!
