

Toss 'n Talk-About™ Music Ball

Item # 16706

The rules are simple and can be easily modified to fit individual use and/or functioning levels. Players throw the **Toss 'n Talk-About™ Music Ball** back and forth. If the player catches the ball with his or her right thumb touching a red category (or falls within the space of that category), the player must name a song that fits into that category. If the player's thumb lands on a black word, player must sing a verse from a song containing that word. If the player's thumb is touching a person's name, player must sing a verse from a song that person was known to sing.

Variations:

1. Additional points may be given if a player sings a verse for the red category instead of just naming a title.
2. Divide players into teams and make each complete answer worth 10 points. The first team to reach 100 points wins!
3. More fun than musical chairs! Keep the ball moving from player to player while the music is playing. When the leader stops the music, the player holding the ball must play according to the rules previously stated.
4. Make the game more challenging by creating a rule stating that if a category is selected more than once during a game, players may not repeat answers previously given.
