INSTRUCTIONS:

1. Color your Mandela with crayons, colored pencils or markers, or a combination of the three. Don't forget to color the border as well!
2. Use your yarn to "sew" the edge of the Mandela. Cut your yarn piece in half. Start "sewing" at the top of the Mandela by threading the yarn through the top hole from the back to the front. Pull yarn through hole and leave about 5" of yarn on the back of the Mandela. It's helpful to tape down the 5" end on the back of the Mandela. Wrap yarn from front to back and thread again from back to front. Refer to finished product photo as needed.
TIP: To make threading easier, wrap a piece of tape around the end of the yarn to make a "needle."
3. When you have about 3" of yarn left, tie on the 2nd piece of yarn. Make sure you put the knot on the back side of the Mandela. Continue to thread through until you come back to the top hole. Carefully remove the tape from the 5" end of the first piece of yarn. Tie a loop using the end of the 1st piece and the end of the 2nd piece (you can trim pieces shorter first).
