## **Animal Windsock** (Pk/12)

PLEASE READ ALL INSTRUCTIONS BEFORE STARTING

#### YOUR KIT CONTAINS:

- Foam Animal Heads
- Wiggly Eyes
- Siler Chenille Stems
- Crepe Paper
- Markers
- Glue

AGE GROUP: 6 and up PROJECT TIME: 30 minutes

#### YOU WILL NEED:

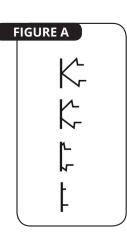

• Clean Flat Work Area

### **INSTRUCTIONS:**

Your kit includes shapes that could be made into many different animals, such as an elephant, giraffe, frog, cat, bear, dog, monkey, pig or cow. Use your imagination.

Everyone will start with one foam animal head sheet and one 7-1/2 foot strip of crepe paper, and a silver chenille stem.

- 1. Create a design for the head of your windsock. Using markers, color on the foam piece to make it resemble the face of the animal.
- 2. Glue the wiggly eyes onto the face.
- 3. Take your piece of the crepe paper and fold it in half once, and then fold it in half a second time. Cut both ends of the crepe paper to make four separate strips.
- Glue the four strips of crepe paper along the bottom inside edge of the windsock.
   TIP: Tape the strips in place with masking tape to save time.
- 5. Roll up the foam face and push the tabs through the pre-cut slats to hold it together (see Figure A).
- 6. Thread each end of the silver chenille stems into the pre-cut holes at the top of the head, and twist them to secure the hanger.
- 7. Allow time for the glue to dry before hanging.
