Velvet Sealife Totes (Pk/12)

PLEASE READ ALL INSTRUCTIONS BEFORE STARTING

YOUR KIT CONTAINS:

- Velvet Sealife Totes
- Fabric Markers

YOU WILL NEED:

- Clean Covered Work Area

AGE GROUP: 6 and up

PROJECT TIME: 30 minutes

INSTRUCTIONS:

Note: Fabric markers are permanent markers and will not wash out.

1. Lay the tote bag on a clean covered work area.
2. Choose your design. **TIP:** Research natural sea-life colors if desired.
3. Using the fabric markers, create and color your design, starting at the top of your tote bag and working your way down. This will prevent smudging your design with your hands or arms before it has had time to dry. **TIP:** When coloring on thin fabric, place a piece of wax paper or foil beneath the first layer to prevent bleeding onto any other layers.
TIP: Use other craft items such as pom-poms, beads or sequins and glue to enhance your design.
4. Allow time to dry completely before using or folding your completed tote bag.
