

Boot-About a Memory™ Ball

Item # 16639

This is a perfect reminiscing game that was specifically designed for those with limited movement, but it can easily be adapted to any person or group with multiple functioning levels.

- ▶ Players sit in a circle all facing each other. A light tap of the foot (or gentle push with a cane) sends the ball rolling. Whoever the ball lands in front of is the player.
- ▶ When the ball lands, there will be a topic facing up on the outer ball, and a person specified on the small cube withing the inflatable ball. The player must then discuss a memory (for instance, his child's favorite food, or her own favorite music as a teenager).
- ▶ On completion of reminiscing, player then kicks (or hits, if necessary) the ball to another player in the circle.
