PREP INSTRUCTIONS:

Your kit contains 16 sheets with 2 figures per sheet. You may wish to cut the sheets apart to separate the two figures.

INSTRUCTIONS:

1. Choose your design. Pop out of sheet.
2. Attach the suction cup onto the base of the window hugger by inserting it into the precut hole.
3. Using the adhesive pop outs, attach the like features to the base. This creates the "pop-out" effect.
4. Cut short pieces of the desired chenille stem (approx. 2 inches). Insert one end into the base and twist in the back to secure it into place.
5. Attach the hands, feet, legs, or desired window hugger parts, to the end of the chenille stem using the same method. A small twist will secure the appendage piece into place.
6. Continue this method until all pieces are attached as desired.
7. Using the suction cup, attach window hugger to your window, mirror, wall, etc.
