Bobblehead Horse (Pk/12)

PLEASE READ ALL INSTRUCTIONS BEFORE STARTING

YOUR KIT CONTAINS:

- Bobblehead Horse
- Paints
- Brushes
- Double-Sided Foam Tape Dots

YOU WILL NEED:

- Brown Cord, Yarn or String for Reins and Straps (optional)
- Pencil (optional)

AGE GROUP: 6 and up
PROJECT TIME: 30 minutes

INSTRUCTIONS:

1. Plan a design with your bobblehead horse. You can make it look real or imaginary.
2. Paint the body first, then the legs so that it is easier to hold onto.
3. Once your paint has dried, put on the reins and straps. Name your bobble head horse and you're off for an adventure!
4. After the paint has dried, you may want to apply the small circle foam dots to the bottom of two of the feet in order to help the finished horse stand up. Reposition the dots as needed.

TIP: To make brown, mix equal quantities of red and green paint. Add white paint to lighten brown if you want.

TIP: Add small amounts of water to your paint, a few drops at a time with your brush. This will help your paint flow much easier.

**Fun!
Facts!****Amazing Animals**

- Giraffes have blue tongues that average about 20 inches long!
- Lions sleep for about 20 hours a day. It's good to be king of the jungle!
- Despite what you see on holiday TV shows, there aren't any penguins at the North Pole. All penguins live in the Southern Hemisphere.
