**PROJECT INSTRUCTIONS:**

1. Lay your tablecloth onto your work surface, and lay out your frame, brushes and stains. Plan a color design for your frame. Snip the tip of the bottle with scissors to start the flow of paint.
2. Lay the frame flat on your work surface, and slowly squeeze a little bit of glass stain onto a section. Make sure the section is covered completely with color. You can use a paintbrush to help move the color along.
3. Continue with each section and color until the whole frame is colored. Let dry completely.
4. Place your favorite picture in the frame opening and you are ready for a deep sea adventure!

**TIP:** Use a toothpick or brush to spread the colors or to break bubbles in the stain.
