AGE GROUP: 6 and up PROJECT TIME: 30 minutes

INSTRUCTIONS:

- 1. Body: Glue pom poms together to form the caterpillar's body. Multi-color pom poms should be in center of body as shown. Let dry.
- 2. Tail: Glue 3/4" pom pom at one end of body. Add smallest red pom pom to complete the tail.
- 3. Head: Glue onto each side a small red pom pom to make the eyes. Glue the wiggly eyes onto the two red pom poms. Let dry.
- 4. Legs: Fold chenille stems in half and cut, making 6" pieces. Fold pieces in half and glue on body to form the caterpillar's legs. It has three sets of legs. Let dry.
- 5. Twise a jingle bell into the foot of each of these legs so that it will be musical when you play with it.
- 6. Wooden holder: Tie a piece of cord approximately 20" onto each end of the stick. Add a dab of glue on knots to hold better. Glue or tie the end of one of these lines into the neck of the caterpillar and the other end of the line into the pom pom just above the tail. Adjust length as needed.
